Updated for April 2026

Your Specialist Teacher

My services offer flexible and comprehensive support, focusing on expert observations, practical recommendations, and detailed reporting to enhance learning environments and support children wherever they are.

In-Person Visits

Direct support for professional development, consultations, and collaborative discussions, delivered right in your setting.

- **90-Minute Training Session: £165**

This flexible visit can be structured as one of the following

- A focussed training session, perfect for specific teaching strategies or educational topics for your setting.
- **OR** a review visit for a follow-up of 1-2 children previously seen, including a summary of recommendations for each child.
- **OR** an initial concise observation and discussion for one child to support problem-solving, including a summary of recommendations.

- **Half-Day Visit (2-3 Hours): £300**

This flexible visit can be structured as either:

- A 2-hour on-site visit for observations, meetings, or modelling, which includes over an hour of dedicated time for writing your comprehensive record(s).
- **OR** a dedicated 3-hour specialist training session for your staff.

- **Full-Day Visit (6 Hours): £550**

This includes the services above and is a comprehensive option for multiple observations, extensive training, or extended meetings and discussions.

Included Services in my In-Person Visits

My visits are tailored to your specific needs and can include:

- **Specialist Training:** Delivering bespoke training sessions to staff on a range of educational topics.
- **Observations:** Detailed observations of children and/or teaching practices to identify areas for development and strength across various settings.
- **Meetings & Discussions:** Collaborative meetings with staff, and crucial discussions with parents to ensure a holistic approach to supporting child development and learning.
- **Modelling of Interventions:** Where appropriate and agreed upon, demonstrating specific teaching strategies or support techniques.
- **Therapy Dog Visit:** Available as an option during Half-Day Visits, subject to prior discussion to tailor the visit to your setting's needs and ensure suitability.
- **Record of Recommendations:** Following each visit, you'll receive detailed individual record for each child discussed/observed outlining clear targets, practical recommendations, and actionable next steps (Note: The 90-Minute Session options provide a summary as detailed in their descriptions, not a comprehensive record.)

Online Sessions

Perfect for flexible professional development, consultations, and focused discussions, wherever you are. These sessions utilise Zoom to provide expert support and practical recommendations without the need for on-site visits.

- **30-Minute Online Session: £55**

Ideal for initial discussions for one child or follow-up consultations for 1-2 children, or feedback after an observation.

- **60-Minute Online Session: £95**

Ideal for initial discussions for up to 2 children, follow-up consultations for 3-4 children, targeted training on specific strategies, or a specific cohort discussion.

- **90-Minute Online Session: £145**

A more in-depth option for longer meetings, extended professional development, attendance at professional meetings, or larger discussions for more children or whole cohorts.

Included Services in Online Sessions:

Each online session is structured to address your priorities and can include

- **Specialist Training:** Delivering bespoke training sessions on a range of educational topics.
- **Meetings & Discussions:** Collaborative meetings with staff and parents to discuss child development and learning, and to plan next steps.
- **Consultation & Recommendations:** Providing expert advice and practical recommendations for enhancing learning environments and supporting children.
- **Comprehensive Summary (for discussion-based sessions):** Following each session where detailed discussions about a child take place, you'll receive a detailed summary outlining clear targets and actionable next steps.
